

Table of contents

Acronyms and abbreviations	11
Executive Summary	15
Chapter 1. Overview of the Agricultural Outlook 2017-2026	17
The setting: Record production levels and abundant stocks led to continued price decreases in 2016	18
Summary of macroeconomic conditions and policy assumptions	18
Consumption	21
Production	34
Trade	41
Prices	48
Risks and uncertainties	53
Notes	57
References	57
Chapter 2. Southeast Asia: Prospects and challenges	59
Introduction	60
Developments in agriculture and fisheries in Southeast Asia	61
Medium-term outlook	82
Notes	96
References	96
Chapter 3. Commodity snapshots	101
Cereals	102
Oilseeds and oilseed products	104
Sugar	107
Meat	110
Dairy and dairy products	113
Fish and seafood	116
Biofuels	119
Cotton	122
Annex: Commodity snapshot tables	125

More detailed commodity chapters as well as the Glossary, Methodology and Statistical Annex are available on line at http://dx.doi.org/10.1787/agr_outlook-2017-en

Tables

2.1. Contextual indicators for selected countries in Southeast Asia, 2015	61
2.2. Self-sufficiency targets of ASEAN members	78
3.A1.1. World cereal projections	126
3.A1.2. World oilseed projections	128
3.A1.3. World sugar projections	130
3.A1.4. World meat projections	131
3.A1.5. World dairy projections: Butter and cheese	132
3.A1.6. World dairy projections: Powders and casein	133
3.A1.7. World fish and seafood projections	134
3.A1.8. World biofuel projections	136
3.A1.9. World cotton projections	137

Figures

1.1. Current market conditions for key commodities	19
1.2. Annual growth in consumption for key commodity groups, 2007-16 and 2017-26	22
1.3. Regional shares in commodity consumption growth, 2016-26	23
1.4. Fish: Regional shares in demand growth and per capita food consumption	24
1.5. Pigmeat: Regional shares in demand growth and per capita food consumption ..	25
1.6. Beef and veal: Regional shares in demand growth and per capita food consumption	26
1.7. Poultry: Regional shares in demand growth and per capita food consumption ..	27
1.8. Fresh dairy products: Regional shares in demand growth and per capita food consumption	27
1.9. Per capita food consumption of meat and fish in 2026	28
1.10. Per capita food use of cereals in 2026	29
1.11. Per capita calorie availability by food category	30
1.12. Per capita protein availability by food category	30
1.13. Feed: Regional shares in demand growth and total use	31
1.14. Growth in biofuel production, 2000-26	32
1.15. Growth in demand for maize (left) and vegetable oil (right), by use	34
1.16. Increase in maize production due to area expansion and yield growth, 2016-26 ..	35
1.17. Trends of global land use of agriculture	36
1.18. Average annual crop land change for selected countries	37
1.19. Maize yields in the United States and globally	37
1.20. Milk production in selected countries	38
1.21. Meat production, by type and country	40
1.22. Fish production	40
1.23. Growth in trade volumes by commodity	41
1.24. Evolution of trade volume for merchandise trade and agricultural trade	42
1.25. Impact on agro-food trade of policies, reforms and drifts	44
1.26. Share of production traded	44
1.27. Share of production traded for selected commodities	45
1.28. Imports as share of domestic cereals demand in selected Middle Eastern and African countries	46
1.29. Export shares of the top 5 exporters in 2026, by commodity	46
1.30. Import shares of top 5 importers in 2026, by commodity	48
1.31. Medium-term evolution of commodity prices in real terms	49

1.32. Long-term price of maize in real terms	49
1.33. Average annual real price change for agricultural commodities, 2017-26	50
1.34. Evolution of individual commodity prices in real terms	51
1.35. GDP growth rates in OECD and selected developing countries	55
2.1. The Southeast Asian region	60
2.2. Agricultural and fisheries sectors share of employment and GDP	62
2.3. Distribution of farm size in Southeast Asia	63
2.4. Production growth in Southeast Asia	63
2.5. Agricultural production in Southeast Asia	64
2.6. Southeast Asia agricultural production shares by country, 2013	65
2.7. Marine and inland fishery production in Southeast Asia	66
2.8. Contribution to fishery production by country	66
2.9. Composition of agricultural output growth in Southeast Asia, by period (%)	68
2.10. There is scope to improve a number of areas of the enabling environment	70
2.11. Main agro-food export and import products	74
2.12. Net exports of rice	74
2.13. ASEAN and world GVC participation.	76
2.14. Past and projected GDP per capita growth in Southeast Asia	82
2.15. Changes in consumption in Southeast Asia	83
2.16. Net agriculture and fish production across Southeast Asia	85
2.17. Southeast Asian versus world agriculture and fish production	85
2.18. Changes in major production activities in Southeast Asia	86
2.19. Global copra production by region	87
2.20. Changes in major production activities in Southeast Asia	88
2.21. Area and yield changes for major production activities in Southeast Asia ...	89
2.22. Changes in the trade balance of major commodities in Southeast Asia	92
2.23. Contributions to changes in the trade balance of major commodities in Southeast Asia	92
2.24. Sources of changes in calorie and protein intake in Southeast Asia	93
3.1. World cereal prices	103
3.2. Exports of oilseeds and oilseed products by region	105
3.3. World nominal and real sugar prices	108
3.4. World meat prices	112
3.5. Per capita consumption of processed and fresh dairy products.	114
3.6. Regional contributions to world fish and seafood production	117
3.7. Evolution of ethanol blending in gasoline fuels and of biodiesel blending in diesel fuels	120
3.8. Cotton consumption by region	123
